★ Figures for 2021 in coal operations are restated figures

The productive and operational data of above are derived from the internal statistics of the Company and are intended to give investors an overview of the production and operation of the Company in a timely manner and may be different from the data disclosed in periodic reports of the Company.

In addition, affected by various factors, including (but not limited to) the adjustment of the macroeconomic policy of the state, changes in the domestic and overseas market conditions, bad weather and disasters, equipment maintenance, safety inspection and changes of geological conditions in coal mines, material differences may exist among the productive and operational data published from month to month.

The aforesaid productive and operational data do not make any express or implied forecasts or guarantees in respect of the Company's future operating conditions. Investors should note that unduly reliance on or use of the above information may cause investment risks.
